

On behalf of our customer, the Swiss affiliate of a global biopharmaceutical company we are looking for a

Medical Advisor

Zürich/Zug

Main responsibilities:

- You develop and implement strategic direction within your therapeutic area
- You build and develop effective relationships with key influencers and external organizations
- You prepare medical information materials and presentations and answer medical questions
- You evaluate and profile potential investigators to participate in clinical development studies and supervise the performance and progress of local clinical trials
- You participate and collaborate with international project teams and local brand teams
- You support in the planning, execution and reporting of key projects (e.g. advisory boards, communication events, symposia, patient care programs etc.)
- You provide medical input for regulatory submissions and market access (Swissmedic, BAG)

Main competences:

- You have a good understanding of commercialization process and clinical development
- You have excellent communication skills and are able to quickly build up professional relationships
- You align your activities with the marketing strategy and manage projects autonomously

Your profile:

- You have a Medical Degree or Master Degree in a relevant medical scientific field (Pharmacy, Biology)
- You have at least 2-3 years business experience in the pharmaceutical industry, preferable in the Swiss market and recently worked in Medical Affairs (MSL, Medical Advisor)
- Your knowledge in dermatology is of advantage
- You speak and write German and English fluently; French would be an asset
